Seeking a challenging position with a great company that will allow me to utilize my skill set.

Authorized to work in the US for any employer

Work Experience

Senior Manufacturing Tech, IG Filling

Shire - Social Circle, GA

November 2017 to Present

Responsibilities: Involved in hands-on execution of manufacturing operations
Resolve issues related to equipment, processes and compliance. Perform troubleshooting on equipment.
Investigate any process and EHS problems timely and provide documentation.
Train and mentor other team members.

Floor Supervisor

Kroger - Lithonia, GA

September 2015 to November 2017

Responsibilities: Assisted in training new teammates with handling customers and calls during new employee hiring periods. Helped teammates with company guidelines to consistently keep our team quality assurance scores high. Met and exceeded requirements for daily, weekly, and monthly statistics. Continued to motivate, develop, and direct people as they work

Egg White Harvest Technician

Synageva Biopharmaceutical - Bogart, GA

March 2015 to July 2015

Responsibilities: Submitted sample speciation to the quality control technician and then shipped them to MRA for genus/species determination. Followed the Food and Drug Administration's GMP procedures and stayed up to date with job aids and SOP's. Entered data and uploaded the files to SharePoint and helped prepared picklist for shipments. Harvested enzymes and performed viable air/surface testing daily. Categorized and assisted with documentation filing for audits.

Produce Associate & Cashier

Kroger - Atlanta, GA

August 2014 to March 2015

Responsibilities: Unloading incoming produce trucks using powered pallet jacks and transferring the product to the cold room to be broken down. Provided excellent customer service to customers by answering all question and request in a courteous and timely fashion. Promoted weekly store sales and helped train new cashiers.

Wetland Analyst

WaterShed Alliance - Greeneville, TN

May 2013 to October 2013

Responsibilities: Ensured clean water and air by collecting measurements of dissolved oxygen levels, temperature levels, water depth, and air testing. Recorded the diversity of species located in and around the wetlands and recreated species sample size with digital photographs and excellent documentation. Gave tours to prospective science students and taught the importance of wetlands and why we should ensure their survival.
